19 Years of Quality

By making use of today's technology, we offer comfort and convenience to you.

ABOUT US

Qutsall, which was founded by our grandfather Hüseyin Qutsall for his two grandchildren in 2006, determined the roadmap of the company with our grandfather's advice, knowledge and experience. Our company, which started its commercial life with this knowledge we received from him has achieved great success in the construction sector over time and continues its activities in many areas of the construction sector.

Due to the growth of our company's business volume in 2021, we updated its title as Qutsall Group Ltd Şti and started our activities by creating brands in different fields. Our company is currently operating in many countries of the world with its own brands.

We know that our grandfather Hüseyin Qutsall sees us, is with us and in every moment, and we feel his moral support in our hearts.
